

Empower your analytic judgement

We train the market
Fitch Training is the provider of choice for bankers, investors, risk and finance professionals looking for a focused, market-oriented approach.

Structured and interactive
Our practical, case study based learning incorporates a 4-step analytic approach:

- Purpose
- Payback
- Risks
- Structure

Make up your own mind
We equip you with the framework and tools to make independent decisions and to support your credit judgement.

Practitioner turned trainer
Fitch Training courses are delivered by industry practitioners turned trainer. They coach, challenge and inform to ensure immediate and practical real-life application.
